

NEFA Policy Report for December 2015 ASC

December 22, 2015

NEFA Policy committee did not meet.

- The committee are working on plans for the GSR works shop. Committee members want to hear from GSRs what they would like to get from the workshop. The work shop is for new GSRs to learn how NEFA area service operates and carries out its responsibilities.

In loving service,

Ronald K.
