

PUBLIC RELATIONS COMMITTEE

Our meeting on Weds. February 10 was cancelled due to committee members had prior commitments and could not make the meeting, however, I was able to meet with a couple of committee members to give literature so they could distribute at drop locations.

I attended the regional sub- committee meeting held February 13th.

One of our committee members will be attending a mental health/addiction awareness function (an "in school" function) held in March (don't have exact date) at Community College of Baltimore County in Dundalk and will distribute literature.

We are looking into placing a small ad in the local Baltimore County newspapers (Avenue New, Towson Times, etc.) **at no cost to our area.** It will be something like: **"Drug Problem? Maybe we can help - 1-800-317-3222"** but will discuss further at next committee meeting.

I was informed on February 13th that the Saturday night meeting "Saturday Night Serenity" at GBMC has closed due to lack of support.

The Wednesday night meeting on Youngstown Ave. in Dundalk is changing the group's name to **"RECOVERY 101"** (originally called "Through Death to Life")

If your homegroup needs support, let us know, we will help put the word out.

In loving service,

Sue B.
