

# Policy

## MAY REPORT

---

We have reviewed the NEFA current policy that is listed on our website and found that the NEFA Convention is in direct violation of NEFA policy regarding the profits from the NEFA convention as shown on page 17 number 5. "aside from the prudent reserve required for the hotel, any profits over \$7000 made from the previous conventions are to be donated to either the World Service of NA or to the Baltimore Area Service Center".

In the April NEFA area service meeting the NEFA Convention stated in their oral report that they had given half of their profit to the Freestate Regional Convention.

It is the opinion of the policy committee that the misappropriated funds be returned immediately for proper distribution as directed in NEFA policy.

Thank you

JOE L.
