

NEFA Policy Report for October ASC

October 8, 2015

NEFA Policy committee did not meet due to problems with the MARC commuter trains.

- The committee did discuss in person the issue of the prudent reserve policy change in August being voided because the motion was out of order due to the inaccuracy of the information in the motion. The prudent reserve still stands at \$500 for the ASC and \$1500 for Special Events.
- The Policy chair volunteered to distribute motions to GSRs in ASC meetings so motions can be evaluated more closely. That is provided the copier is in working condition.
- Rent was paid to church for the period covering September 2015 through February 2016. The rent was \$60.

In loving service,

Ronald K.
