Website - Linda:

WEB Administrator report: (via telephone) She will be posting the pdf file of the web mapping. Updated the newsletter, the April newsletter is up. Meeting page updated. NA by phone and NA phone. Two different formats with the same information. All forms are on the website. Regional minutes have been updated. Policy page will need assistance. Two concerns: Do we want the policy on by committee or as a link to the subcommittee page. Also, the subcommittee H&I policy needs to be submitted. H&I, Hotline, Literature, Special Events and Public Relations must forward information they would like to have on website (i.e., what it is, what they do, etc.). She will conference with Louie to be trained about the meeting list updates. Convention basic information can be found on website and will be updated within the next three weeks. The only events posted on the calendar are area and regional events. Please post flyers as PDF so they can be printed. Add another tab for outside regional events to be viewed. Suggestions: H&I Committee needs to get subcommittee together and get the policy for H&I completed. The chair will gather the information and submit in the future. Motion to hold some of the web administrator issues until June. Motion second
