Old Business

- Policy Ad Hoc

Helene submitted a report. She is in the process of updating the policy and adding in things missed throughout the years. She aims to have a draft policy by December

- Budget Ad Hoc

Paula T said no meeting was scheduled and Shelley is working on the August notes. By next month we will have dates on the next meeting. Should have it done by the end of the year

- Westside asked will money received by Areas be held (new donations) the answer is yes.

The motion to create the ad hoc stated that all monies would be held until RCM's decided what to do. Region is not holding the money the RCM's are because that is the way the motion was written. We need information from the budget committee before we decide what to do with the money.

Open Discussion

Tabled Motion (from ON month)

Discussion- 2-day zonal event to be hosted by Freestate Region. Last month it was decided that our region wanted to facilitate the entire event instead of asking for all the regions to split the costs. As of now, all regions in the zones are facilitating and paying for the events they are hosting. The alternative is for all regions to split the cost for every event, there is a zonal every 6 months. This will take place in Freestate every 3 years.

Changed it to a one day event

Motion

Submitted by Trish (Susquehanna) Seconded by Charles (Delmarva)

To fund zonal meeting in January.

Intent: Freestate Region upholding our responsibility to our zone

2018 Membership Survey

Every three years we attempt to gather information about our members, and the time to gather that information is now! Some may wonder why we want this information and how we use it. One of the aims of “A Vision for NA Service” is that NA be viewed as a “viable program of recovery.” With members from several countries attending the World Convention in Orlando, Florida, and members around the world participating from their homes, we have an opportunity to demonstrate that we are, indeed, a viable and respected recovery community resource. Presenting ourselves in this way helps us offer hope to others that they, too, can recover. We encourage each member to spread the word of the Membership Survey to their friends. We would like as many members throughout NA worldwide to participate as possible.
